Notice to Customers – New Bunker Surcharge “NBAF”

Q1 2020

Dear Customer,

Further to our previous Notice circulated 11th November, TSL wish to **advise that there will be no change to our current NBAF Australia to Asia sector**, for the first Quarter 2020.

Our NBAF shall remain as per the following:

TRADE	Container Type	Quantum
Australia - Asia	GP / OOG / DG	USD 30 per teu
Australia - Asia	Reefer	USD 113 per teu
Australia - India subcontinent	GP / OOG / DG	USD 170 per teu
Australia - India subcontinent	Reefer	USD 255 per teu

NBAF is the result of IMO 2020 regulations coming into force to oblige carriers to consume low Sulphur bunker fuel with Sulphur emissions less than 0.5%.

IMO 2020 compliance is part of an environmental commitment posed to all members of the shipping industry and its customers to which we seek your understanding. NBAF will be monitored and reviewed on a monthly basis.

Please feel free to contact us with any queries.
